

DBG secures ADP engineering contract

Synova Capital (“Synova”) is pleased to announce that portfolio company DBG, the UK’s leading provider of dental services and products, has secured the contract to supply pre-planned and reactive equipment maintenance across the ADP Dental Group portfolio.

John Rochford, CEO of DBG commented: *“We are thrilled to have been chosen by the team at ADP to provide our engineering expertise across their significant portfolio of dental practices and look forward to growing this service as ADP continue to expand their estate over the next few years. Our provision of nationwide engineering maintenance solutions will ensure that surgery downtime is kept to an absolute minimum across their extensive estate.”*

David Menton, a Managing Partner of Synova added: *“We are delighted that DBG provide our high quality services to a leading dental consolidator such as ADP. It proves that our team at DBG are well positioned to provide their full suite of services and products to both individual practice members and large corporates alike.”*
